

Assignment: do-while loop

```
#include <stdio.h>

#include <stdlib.h>

int main()
{
    int num=0,i=0;

    do
    {
        printf("Enter the number:");

        scanf("%d",&num);

        i=i+num;

        printf("Sum= %d\n",i);

    }
    while(num!=0);

    return 0;
}
```
